

SIG[®] 611 MOUNT

FLIP TO SIDE MOUNT

FLIP TO SIDE
WEAPON MOUNT
(RIGHT HAND DEPICTED)

RISER KIT
(.41 DEPICTED)

PRODUCT OVERVIEW

The SIG 611 Flip Mount provides rock solid mounting options for SIG[®] JULIET 4 4X magnifiers. Like our field proven NVG mounts, this reliable flip mount utilizes our standard dovetail shoe interface system for quick attachment or detachment of the magnifier without having to remove the flip mount from your weapon.

FEATURES AND BENEFITS

- Provides a rock solid mounting solution for JULIET 4 4X magnifier
- When not in operation, the magnifier can be stowed to the side
- Design also allows magnifier to be completely removed from the mount
- Unmatched tolerances ensure positive wobble-free operation
- Utilizes OEM SIG hardware provided with magnifier
- Quick and simple to install and mount onto the weapon
- Available in left or right hand flip to side directions
